## SOLDIERS AT ALBANY.

Large Force of Militia Mars' d on Account of the Strike.

## TROOPS ALSO MOBILIZED AT TROY

Women Fire a Volley of Epithets at Nonunion Men — Narrow Escape From Catastrophe—Various Contests Waged by Breadwinners.

Albany, N. Y., May 15.—A strong effort was made to bring the contending interests in the street car strike into conference, but it failed and the breach is as wide as ever.

The establishment of the militia patrol put a quietus on rioting. One company was ordered to the traction power house, another to the upper town barn and the third to the northern barn. When the company ordered to the uptown barn swung into Quail street, a jeering crowd fell in on its flanks and rear and followed to the barn. As it halted in front of the barn a shower of rocks and other missiles fell among the men. It was thought for a time there would be a clash, but the police drove the crowd back and the soldiers made no menacing movement. The police withdrew as soon as the national guard picket line was established around the Traction company's plant.

The crowds reassembled at daylight and howled out their choicest epithets at the nonunion men who showed themselves at the upper windows of the barracks. The first detachment of the Twenty-third infantry arrived early in the morning and its opening part in the industrial struggle came near being a tragedy. Just after the train had crossed the New York Central bridge spanning the Hudson, it struck a misplaced switch. The powerful mogul engine drawing it jumped the track and went tumbling over on its side. None of the cars left the track, but they were given a jolt that shook every man in the train. There were 400 men in the detachment under Lieutenant Colonel Brady. The entire Second regiment, under command of Colonel Lloyd of Troy, and including 1,000 from Troy, Cohoes, Hoosic Falls, Schenectady and Saratoga, was ordered to report in this city. This will make the total military strength about 2,200.

The first active step of the military forces was taken shortly after 10 o'clock when the Third signal corps, mounted, and a detachment of mounted police cleared the streets around the Quail street barn. A zone of four blocks was cleared and a new picket line was established at its outer edge. This move, it is understood, is preliminary to the repairing of the lines in that vicinity and the clearing away of the wrecked cars and obstruction on the tracks.

W. D. Mahan, international president of the Amalgamated Association of Street Railway Employees of America, has left the city. Before going away, Mr. Mahan gave out a statement in which it was said Chairman Dilworth and he came to Albany hoping to bring about an adjustment of the difficulties between the Union Traction company and its employees, but that owing to the existing bitterness there was no present prospect of bringing the contending forces together. It had therefore been decided to leave affairs here in the hands of the two local organizations until such time as they deemed the presence of the international officers might be of assistance to them. Mr. Mahan added that the strikers had the support of the international.

**Situation at Troy.**  
Troy, N. Y., May 15.—The situation with reference to the street car strike here is unchanged and the city is quiet. The tearing up of the railway tracks on the bridge over the Poestenkill is attributed by the strikers to hoodlums. The Troy companies of the Second regiment were assembled at the armory.

**Singular Strike at Tampa.**  
Tampa, Fla., May 15.—A strike was begun by 6,000 cigar makers here owing to an unusual cause. A bridge which connects Tampa with western suburbs has broken and the men had to be ferried across the river. This was slow and unsatisfactory and it was proposed that they strike to force the manufacturers to bring pressure to bear for the quick repair of the bridge. All men employed on the western side of the river struck and marched across the other bridges and held a mass meeting in the heart of the city. This body of 2,000 in number, then swarmed throughout the remainder of the city and demanded that the men employed in other factories quit work. Every man walked out and as each factory emptied, they joined the procession which numbered 6,000 at noon. Cigar manufacturers will lose thousands of dol-

lars on tobacco which was prepared for the day's work.

### B. R. T. Election.

Milwaukee, May 15.—P. H. Morrissey of Bloomington, Ills., was elected grand master of the Brotherhood of Railway Trainmen without opposition. Other officers elected are: First vice grand master, W. G. Lee, Lawrence, Kan.; second vice grand master, T. R. Dodge, Chicago; third vice grand master, Val. Fitzpatrick, Columbus, O.

### Strike at Seattle.

Seattle, Wash., May 15.—The machinists' strike is in full swing in Seattle, the men in seven factories having gone out. They demand a 9-hour workday with the same pay as now working 10 hours per day. The pattern makers, molders and blacksmiths will go out Monday if not sooner. Their demands are similar to those of the machinists. The boiler makers threaten to strike June 1 for a 9-hour day at the old rate of pay. No plans to combat the strikers have yet been decided. The manufacturers say they will close their factories before granting the requests of men.

### Falling Into Line.

Washington, May 15.—President O'Connell of the National Association of Machinists states that 300 firms throughout the country so far have signed the 9-hour agreement. The executive board of the machinists association will meet here Friday and remain until after May 20, the date when strike order is to be effective.

### Smelters Return to Work.

Helena, Mont., May 15.—Fully 2,000 men have accepted the terms of the American Smelting and Refining company and the first furnace will be blown in at East Helena Thursday. Most of the strikers have left. The management expects to be running to the full capacity inside of a week.

### STOKES ON TRIAL.

#### Tragic Fate of West Virginia Preacher Who Denounced Dancing.

Williamston, W. Va., May 15.—Great difficulty is experienced in getting a jury to try the case of Hon. S. D. Stokes of this city, charged with the murder of Rev. J. J. Wohl at his home here Dec. 5. The regular panel has been exhausted without securing more than one juror. Stokes is well known and the killing caused such feeling that it is hard to find any one without fixed opinion.

The tragedy was remarkable. Wohl was a Presbyterian preacher of great force and in a sermon last winter violently denounced the society people of the town for dancing. Stokes took offence at the sermon and the next Sunday the remarks were repeated.

The following evening Stokes and Wohl met at the threshold of Wohl's residence. Hot words passed. Mrs. La Noive, the minister's housekeeper, to whom Stokes was talking, and who is the only witness, says Wohl slapped Stokes in the face and shot him in the hip before Stokes drew his pistol and fired twice, killing him instantly.

Stokes is popular and a prominent politician. He has been out on bail all the time. The case is attracting great attention.

### Shot at Former Lover.

Denver, May 15.—Mrs. Martha Ewart, a widow who keeps a fashionable rooming house, fired two shots at Joseph K. Choate, manager of the Overland cotton mills and nephew of United States Ambassador Choate, in the law office of Wolcott & Vaile during a conference. Neither of the bullets took effect. About a year ago, Mrs. Ewart sued Choate for breach of promise and secured a judgment. She says she attempted to shoot him because he had not settled the judgment. She was arrested. Choate was married in Brooklyn, N. Y., Feb. 14 to Miss Alice Muller. Mrs. Ewart is 35 and has a daughter aged 12. Choate will not talk for publication.

### Census Clerk Murdered.

Washington, May 15.—James P. Ayres, 21, of Port Arthur, Mich., was found dead in his room at a hotel. He had been shot in seven places about the body. Ayres was a clerk in the census bureau. Bloodstains were found on the fire-escape in front of the hotel and a neighbor claims to have heard shots and soon after he saw a woman descending the fire escape. Screams of "help" were heard by one of the roomers. The inquest has not yet been held.

### Gypsy's Paper Returned.

St. Paul, May 15.—Leonard Wells, member of the band of gypsies camped here, received by mail the certificates of deposits for \$3,000 which were stolen from his tent Monday. The \$400 in cash taken was not returned. The certificates came in an envelope with a Minneapolis postmark.

### Dropped Dead.

Albany, N. Y., May 15.—Adjutant General Hoffman of the national Guard dropped dead Tuesday while in consultation with Major General Roe.

## MISS HARMON A BRIDE.

Love's Young Dream too Blissful to Brook Procrastination.

### A SENSATION IN SOCIETY CIRCLE.

One of the Debutantes of Last Year. Parents Wanted the Marriage Postponed — Bridegroom a Civil Engineer in Boston.

Cincinnati, May 15.—Society circles were stirred by the announcement that Miss Marjorie Harmon, daughter of Judson Harmon, former attorney general of the United States, was secretly married Monday afternoon to George Heckle of Boston.

Miss Harmon was a brilliant debutante of last year, and met Mr. Heckle during a visit of the family in the east. The engagement had been announced and the wedding was set for June, but owing to Miss Harmon's youthfulness, her parents favored a postponement. It appears that this fact determined the young couple to prevent such a disappointment.

Mr. Heckle came here Sunday and Monday afternoon he and Miss Harmon visited the residence of a nearby rector and were married in the presence of two friends of the bride. Returning they announced their wedding to the bride's sister, who wired the news to Mr. Harmon, who is absent from the city, and he cabled to Mrs. Harmon who is in Europe.

Mr. and Mrs. Harmon have gone to Boston, where he is a civil engineer.

### Sunday Labor at the Pan.

Rochester, N. Y., May 15.—An attempt to effect the closing of the gates of the Pan-American exposition Sundays took form in the appellate division court in this city. A motion was made on behalf of Oscar W. Chapin for an order to show cause why the police commissioners and mayor of Buffalo should not be removed from office for permitting work to go on in the exposition buildings Sunday, May 5, and Sunday, May 12. Mayor Diehl is ex-officio a member of the board of police commissioners and the petition charges that in neglecting to enforce the law against unnecessary Sunday labor he and the other members of the board were guilty of malfeasance, misconduct and dereliction of duty. A decision will be handed down Tuesday.

### River Boat Burned.

Evansville, Ind., May 15.—The steamer Owensboro, a towboat, owned by the Green River Coal Transportation company of this city, burned to the water's edge at Calhoun, Ky., and four lives were lost. The boat was without a watchman and had tied up at Calhoun. The fire spread with great rapidity. Captain Eastman and Engineer Robinson of this city had narrow escapes. Two men named Gresham and Bringman, both of Evansville, together with two roustabouts, were lost with the boat. A large tow of lumber was attached to the boat but was cut loose and saved. The boat is a complete loss and was valued at \$6,000.

### Frightful Mine Explosion.

Farmington, W. Va., May 15.—Nine men were killed, three fatally injured and a number of others burned by an explosion in the shaft of the Georges Creek Coal and Iron company's mine at this place. The number of dead may exceed nine as several miners are still missing and only a few of the bodies have been brought out of the mine. The explosion is said to have been caused by carrying a lighted torch in the mine.

### Australian Comet Sighted.

Lick Observatory, Cal., May 15.—The comet discovered at Queenstown, Australia, April 24, was seen here. In the strong twilight no tail could be seen, only the head of the comet. This is the first time the comet has been seen at any observatory in the northem hemisphere. The comet is much fainter than when discovered and will not be visible here without a telescope.

### Not Yellow Jack.

Washington, May 15.—The suspected case of yellow fever recently reported in Grundy county, Ills., has been investigated at the instance of Surgeon General Wyman of the Marine hospital service. A report has been received by him to the effect that the patient whose case gave rise to the report, was suffering from malarial fever and has recovered.

### Editor Sherlock Dead.

New York, May 15.—William F. Sherlock, editor of The Unionist, a labor journal, who was recently convicted for criminal libel of an employee of a newspaper and sentenced to the penitentiary for three months, died of pneumonia at his home in Brooklyn. Sherlock was pardoned after serving 20 days of his sentence.

### BACK TO WASHINGTON.

#### President Abandons Trip to Northwest Because of Wife's Illness.

San Francisco, May 15.—Mrs. McKinley's illness compels the president to abandon his proposed visit to other states. As soon as Mrs. McKinley's health will permit he will return to Washington by the most direct route. There has been but little change in Mrs. McKinley's condition since Tuesday night. She has gained in several respects and lost in others. The president remained at Mr. Scott's residence Wednesday and did not take part in the program of exercises.

President McKinley did not go to Berkeley to attend the commencement exercises at the University of California. Members of the cabinet and others of the presidential party were taken to the university grounds and the exercises of the day were observed, with Secretary Hay acting in the president's stead.

Mrs. McKinley's condition is considered serious by the physicians attending her. It is very probable Mrs. McKinley will not be able to leave San Francisco by next Monday when the stay of the presidential party was to have terminated.

### AUTHORESS ENDS HER LIFE.

#### Discouraged by Prevailing Misery Among Children of Gotham.

New York, May 15.—In poor health and discouraged because of the misery prevailing in the city, especially among the children to whom she had devoted many years of her life, Mrs. Edith Thomas, friend of the poor and gifted writer, sent a bullet through her heart in the west side branch of the university settlement.

Among the books written by Mrs. Thomas were "You: Money or Your Life," "Cross Keys" and "A Modern Rosalind."

Mrs. Thomas sought for years to advance the children of the poor. She worked among the crowded tenement districts nearly 10 years.

### Squeezed By Phillips.

Chicago, May 15.—George H. Phillips, who has the supply of corn deliverable on contracts this month cornered, bid the price up to 60 cents from the opening, which was at 54 cents. This is the highest price since May 31, 1892, when the Coster-Martin deal reached its climax and corn sold at \$1. The total amount bought by Phillips did not run over 120,000 bushels which was sold, mostly in small lots, by people who claimed to have the corn to deliver. It was reported that two houses who were short an aggregate of 500,000 bushels settled privately with Phillips for this quantity at 60 cents per bushel. The average price the "corn king" paid for this was 45 cents, which would indicate a profit of \$75,000 on his sales Monday.

### New Steamship Line.

New York, May 15.—Negotiations are drawing to a close between the Hamburg-American line and the Atchison, Topeka and Santa Fe Railroad company to establish, in conjunction with that transcontinental road, a steamship line between San Francisco and the far east, touching Honolulu, Yokohama, Hongkong and Shanghai. Within a year a line of freight steamers will be running and six steamers of 16 knots speed will be contracted for and put in service for passengers within two years.

### Ohio Incorporations.

Columbus, O., May 15.—Central Trust company, Cleveland, \$1,000,000; E. A. Smith Bedstead company, Cleveland, \$25,000; Brighton German Bank company, Cincinnati, increase from \$100,000 to \$200,000; Cincinnati Iron Stove company, Cincinnati, increase from \$25,000 to \$50,000; Franklin Soap company, Cincinnati, \$50,000; Girard Foundry and Machine company, Girard, \$10,000.

### Musicians Liect Officers.

Denver, May 15.—At the convention of the American Federation of Musicians the following officers were elected: President, Joseph M. Webster, of Cincinnati; secretary, Owen Miller, of St. Louis; treasurer, Otto Ostendorf, St. Louis. Delegates to the annual convention of the American Federation of Labor, Owen Miller, Joseph Webster, Charles O'Connor.

### New Pacific Leviathan.

San Francisco, May 15.—The Alaskan, the largest merchant steamship ever built on the Pacific coast, was successfully launched from the yard of the Union Iron Works. Miss Florence Sherwood Hopkins broke the bottle of champagne on the bow as the great craft began to slide down the ways. The Alaskan will run between San Francisco, Hawaii and New York.

### Challenger to Be Remodeled.

Southampton, May 15.—Designer Watson has apparently reached the conclusion that the hull of the Shamrock II. is susceptible of improvement, and there is reason to believe that alterations are about to be made amounting practically to the remodeling of portions of the boat.

### Bank Bilkars Put Away.

London, May 15.—Frye and Everett, the two men charged with defrauding Barclay & Co., bankers, of about £3,000 by forging documents purporting to represent large shipments of gold ore which never existed, were sentenced to five years imprisonment at hard labor.

## HOT TIME IN HONOLULU

Governor Dole Denounced as a Usurper By the Home Rulers.

### EMBASSIES SENT TO THE PRESIDENT

One Brings the Demand for the Removal of Dole and Another Represents the Governor's Faction. Delegate Wilcox Returning.

Honolulu, May 8, via San Francisco, May 15.—In the house Representative Emmuleth, a Home Ruler, made a sensational speech against Governor Dole. The legislature was called in special session for appropriation bills and had just completed its organization when Emmuleth introduced a resolution to provide for the sending of F. W. Beckley to San Francisco. In support of the resolution Emmuleth said in a spirited speech the conditions that led to the revolution of 1893 had developed again, with the Dole usurper of power instead of ex-Queen Liliuokalani. It was intended by the Home Rulers to have the resolution to send Beckley a concurrent action, but the senate adjourned for the day too early and as the steamer was to leave during the afternoon the house adopted it as a house resolution. Both houses organized for business and re-elected most of their former officers.

The Home Rule representative, F. W. Beckley, Samuel Parker and Delegate R. W. Wilcox left for San Francisco by the steamer Mariposa. Beckley goes to lay before President McKinley the home rule resolution adopted by the house and senate asking for the removal of Governor Dole. Parker has a memorial unanimously indorsed by the Republican members of both houses and by the territorial Republican central committee replying to the home rule charges against Governor Dole. Wilcox is on his way back to Washington and says he has nothing to do with the fight.

### New Fury in France.

Paris, May 15.—Another convocation of the French senate as the high court of France is promised by the unexpected return to this country of Marquis Delur Saluces, the well-known royalist and former member of the chamber of deputies, who in January, 1900, at the time of the conspiracy trials was condemned in default of appearance, to 10 years banishment for treason. The president of the senate, M. Fallières, received a letter in which the marquis says: "At the present moment when the government of the republic is striving desperately to ruin industry and commerce, to paralyze national work, to disorganize the army and destroy religious faith—in a word to utterly destroy the fatherland itself, I intend to provoke another public discussion before the high court on the question of who are the real authors of the conspiracy threatening the existence of France. I hold myself at your disposition." The letter caused much stir in the lobbies of the senate.

### Northern Pacific Contest.

New York, May 15.—J. Pierpont Morgan cabled his New York office from London that the situation there showed decided improvement, and that he looked for still further improvement. There were indications however, of a more

THE scheme of certain Kentucky Republicans to force Deboe out of the Senatorial race does not seem to be panning out very well. Col. Yerks says he has no intention of opposing Deboe, and no one else seems inclined to do so. They probably realize that Mr. Deboe's successor will be a Democrat.

THE Supreme Court of Ohio has sustained what is known as the anti-lynching law, by which the heirs of a person lynched may recover from the county in which the lynching took place the sum of \$5,000 as damages. If taxpayers of a county know that every lynching is to cost them \$5,000 they will be more apt to use greater efforts hereafter to quell the mobs.

THE formal announcement of Mayor W. E. Stallcup as a candidate for re-election appears elsewhere in to-day's issue. Mr. Stallcup is serving his first term and has made a most enviable record, indeed, as Chief Executive of our city. The varied and trying duties of the position could not receive closer and more faithful attention than he has ever given them, and his wise and conservative oversight of the fiscal affairs of the city has been such as to command general approval. With such a record to commend him the people will no doubt be glad of the opportunity to honor him with a hearty endorsement in November.

A SPECIAL states that the new internal revenue law is making the bucketshop man squirm. He has not been able to find the slightest loop hole through which he can escape and he must either come to time or quit business. The law requires that they shall not only pay a special tax of \$50 per annum, but they are required to pay a tax of 2 cents on each \$100 of sales or agreement to buy or sell, the stamp tax for every complete deal of \$100 or fraction, amounting to 4 cents. This is one tax that should never be abolished until the bucketshop operators are forced out of business. The bucketshop is one thing that any community can do without. Every city would be better off without them.

### NO COMPROMISE

Allowable Now, Under a New Ruling of Court, in Setting Claims for Taxes.

[Flemingsburg Gazette.]

The mandamus case, in which Judge J. S. Power sought to compel the Board of Trustees of the F. G. H. S. to collect certain taxes which had been previously compromised with the Deposit Bank and which at the recent term of the Circuit Court was decided in favor of Mr. Power and appealed to the higher court, was settled last week by the payment of the taxes by the bank, which amounted to \$1,550.

Thereupon the attorneys for Mr. Power, including himself, Thos. R. Phister, and J. D. Pumphrey, put in a bill to the school board asking a fee of \$600 for their services. As the board had not employed the attorneys and had had nothing to do with the suit they refused to pay the amount and the matter was finally left to Judge Harbeson, who decided to allow the attorneys \$350 for their fee.

The taxes had been compromised with the bank several years ago when the board agreed to and did receipt for all taxes due up until that time, but the courts hold that taxes must be paid in full and cannot be settled by compromise.

After a service of forty years with the Louisville and Nashville road, Mr. Cushman Quarrier, the Controller, has tendered his resignation, to take effect on June 1. The resignation has been accepted, and his successor will, in all probability, be elected at the meeting of the Board of Directors in New York next week.

### He is a Wonder.

All who see Mr. C. F. Collier, of Cherokee, Iowa, as he is now, cheerful, erect, vigorous, without an ache, could hardly believe he is the same man who, a short time ago, had to sit in a chair, propped up by cushions, suffering intensely from an aching back, in agony if he tried to stoop—all caused by chronic kidney trouble, that no medicine helped until he used Electric Bitters and was wholly cured by three bottles. Positively cures backache, nervousness, loss of appetite, all kidney troubles. Only 50c. at J. Jas. Wood & Son's drug store.

### THEY ARE SORE.

Republicans Kicking Because McKinley Has Given Some Rich Plums to Captain Sharp and Senator Lindsay.

[Enquirer.]

Colonel Frank B. Coles, capitalist, manufacturer and prominent Republican politician of Ashland, Ky., is at the Emery. He served in the Union army and was a delegate to the first National convention that nominated McKinley for President. When the new Federal Court for Kentucky was created by Congress last winter Colonel Coles was an applicant for the Marshalship, but got lost, for Senator Lindsay landed an ex-Confederate who had only left the Democratic party a few years, through disaffection, in the place.

"It seems that thirty years' service in the Republican party in our State goes for naught with the President," says Colonel Coles, "for he appoints Captain Sharp, who was until recently an active Democratic officeholder, over all of us Republicans applicants, and then, to rub it in on us all around, appoints Senator Lindsay Commissioner to the St. Louis Exposition, a sinecure for several years at \$5,000 per annum.

"It appears that all a fellow has to do in the other party is to come over and get the fruits of our long, up-hill political pull in Kentucky, with a little flattery of the President. We are not even good Methodists, for we do not take them on probation, but as fast as they come. I doubt if this is good politics. Senator Lindsay, who still claims to be a Democrat, did not need the office to which the President appointed him, for his friends claim that he has a large and lucrative law practice, besides accumulated wealth, while many of our party leaders in the State are in sore need of such a position."

### PLENTY OF IT.

Lots More Proof Like This and It Is All From Maysville People.

"The proof of the pudding is the eating of it." If any city or town in the Union has sufficient proof on the following subject it is Maysville. Genuine merit is finding its reward in the hearty endorsement of local citizens. When people right here at home, friends and neighbors of our readers, give a statement like the following for publication, it is proof convincing for the most skeptical.

Read this testimony:

The minstrels is composed of Maysville's best talent and a most enjoyable evening is promised. The program opens with the old time first part, with Mrs. Hiram Chenoweth and Mrs. Thomas R. Phister at the "ends," who have a whole crop of new jokes and songs. Misses Berry, Davis and others will render the latest songs. A whistling solo by Miss Jones, and other features go to make the first part. Pleasing specialties will be given in the second part, making in all a genuinely good program. Seats are going fast, and point to a crowded house. Secure seats in advance at Nelson's. Admission 25 cents. Gallery 10 cents.

Miss Eva Robinson, formerly of this city, has resigned her position with the Caldwell Lace House, of Cincinnati, and will take charge of the suit department of one of the leading firms of that city. ### Fought for His Life.

"My father and sister both died of consumption," writes J. T. Weatherwax, of Wyandotte, Mich., "and I was saved from the same frightful fate only by Dr. King's New Discovery. An attack of pneumonia left an obstinate cough and very severe lung trouble, which an excellent doctor could not help, but a few months' use of this wonderful medicine made me as well as ever and I gained much in weight." Infallible for coughs, colds and all throat and lung trouble. Guaranteed bottles 50c. and \$1 at J. Jas. Wood & Son's drug store.

T. P. Hayes, of Donerail, has filed suit in the Jefferson Circuit Court for \$50,000 damages. The suit is based on the action of the Louisville Jockey Club in declaring Hayes' horses outlaws. By Rule 208 owners that race on tracks not members of the Western Jockey Club are barred from its tracks. Hayes says he raced at Little Rock and Nashville, and was therefore outlawed.

### GLORIOUS FUTURE

For Christianity in China Predicted By Rev. Wm. Ament, Returned Missionary—Their Great Need.

CHICAGO, May 13.—"Peking is the present political capital of Christendom; there you can put your finger on the pulse of the nations; all eyes are turned toward that great city. It is the greatest practical school in the world; there the nations are gaining an education and an insight into Chinese affairs which they have never possessed before."

Thus said Dr. William S. Ament, the returned missionary, speaking at the First Congregational Church last night upon "The Present Situation in China." Continuing, he said: "It is a remarkable fact that in this great Chinese nation, one of the oldest among the civilized, the very home of conservatism, the natives are beginning to see the need of new ideas, modernism is fast gaining a foothold.

"Only a few days before I left China a prominent Chinese gentleman said to me: 'We Chinese know that we need many things, but first of all we need a new religion.' And that is true; and do we need a new religion, and Christianity is thoroughly adequate for the regeneration of the Chinese character. Christianity now has more friends among the Chinese than it ever had; thousands of Chinese appreciate the Christian religion more than they did a year ago; the church is by no means exterminated or even weakened; it is still full of vigor, and I look forward to a bright and glorious future for it in the Chinese empire."

### Smith Will Hold On.

San Francisco, May 15.—Telegraphic reports have been received here of a rumor current in the east that Postmaster General Charles Emory Smith contemplates retiring from the cabinet and that H. Clay Evans, commissioner of pensions, is scheduled to succeed him. The postmaster general was asked concerning the truth of the rumor. "There is no truth in the report," he said, "I have not even considered such a step. I think it probable the report arose from the fact that upon the expiration of the lease upon the house I occupy in Washington I did not renew it, for the reason that I wished to make a change of residence, but not leave Washington."

### Secretary Long's Son Sick.

San Francisco, May 15.—Secretary of the Navy Long may leave the presidential party and depart for the east at any moment. He has received word that his daughter, who has been living in Colorado Springs over a year for her health, is seriously ill. Secretary Long is accompanied on the trip by Mrs. Long and little son. The boy was taken ill at the Palace hotel, where the Longs are staying and the physician called in ordered the child's retirement to bed at once. The secretary is much worried over the illness in his family and it is said he is not inclined to continue his trip.

### Father and Son Suicided.

Everett, Wash., May 15.—John Fay, employed by the Seattle Bridge company at La Conner, Wash., reprimanded his 15-year-old boy for some trivial offense. This wounded the boy's feelings so deeply that he stole out of the room, secured a gun and shot himself in the head. Hearing the report the father hastened to the scene and seeing his son writhing in the agonies of death, picked up the weapon and blew out his own brains.

### Kentucky Bank Robbed.

Three private boxes were stolen. All contained money and valuable papers. Bonds and many other valuable papers were taken from the safe. The extent of the damage has not yet been definitely settled. No clew.

### Carrie Will Appeal.

Topeka, Kan., May 15.—Mrs. Nation will appeal from the verdict rendered against her and declares she will argue her own cases hereafter and demand women jurors. "I had two things to contend with," she said, "my lawyers bungled the case and there were anarchists on the jury. I am not insane and begged my lawyers not to enter such a plea."

### Royal Arcanum Council.
